- Reliable Manual Dispenser
- BioCote® Protected*
- No Cross Contamination
- Only YOU touch the product you are using
- Portion control systems provide guaranteed cost savings

*BioCote® silver ion technology has been incorporated into all DebStoko Global Range and Touch Free dispensers.

Benefits:

BioCote® Silver Ion Technology is:

- **Effective** - Reduces microbes, including bacteria, mold and fungi on the surface of BioCote enhanced dispensers within as little as 2 hours and achieves up to 99.99% reduction over a 24 hour period on the product surfaces to protect them from degradation.
- **Long-Lasting** - BioCote technology maintains its antimicrobial performance for the lifetime of the dispenser; it will not wear off, wash off or leach out.
- **Safe** - Silver is regarded as non-toxic and is therefore a safe and natural alternative to synthetic, organic antimicrobials like Triclosan.
